Management Sessions

Leadership and Communication Essentials

Successful companies don't just have great employees. They have great managers and supervisors who know how to motivate team members to gain their commitment for top performance. Learn proven techniques to improve productivity, reduce stress and turnover, and gain team member participation, while maintaining employee self-esteem and creating a climate of open communication. 4 hours

Management Essentials

The biggest mistake managers make is "winging it" while supervising people. When you're responsible for your team's performance, you need concrete skills to effectively handle the many different situations you face as a supervisor. Topics include Developing Performance Goals & Standards, Coaching Job Skills, Delegating, Improving Work Habits, Effective Discipline, Managing Complaints, Resolving Conflicts, Providing Performance Feedback and Communicating Up. This session is offered as an 8 hour highlight session, a 16 hour detailed session with skills practice and videos, or as 12 in-depth sessions of 4 hour each complete with comprehensive workbooks. There is a \$50 additional charge for workbooks per participant per session.

Hiring Essentials

Effectively hiring a good workforce is one of the most critical factors in business success. Whether you have one employee or one hundred you'll learn how to save time and money while finding the best person for the job. This session will boost your bottom line with proven strategies to help you avoid common recruitment pitfalls. Topics include effective recruiting and screening tools, successful interview techniques; employee documentation; and keys to retaining great employees. 3 hours

Team Sessions
